

Building a Loving World...

LOVING CLASSROOM TEACHER TRAINING

For the UK

For South Africa

For the Middle East

RELATIONSHIP EDUCATION

Children are born with a desire for love. It's our essence. But sometimes, along the way, pain, disconnection, loneliness or the negative teachings of another can lead us to the opposite of a loving world: frustration, anger, intolerance and even hate. However, our capacity to learn the wisdom, attitudes and actions of love will always remain...

STUDENTS AND TEACHERS

Loving Classroom is an educational program guiding teachers and students to cultivate a lifetime of good relationships: at school, at home, with friends, at the future workplace, within communities and eventually between cultures and nations – building a loving world.

Our goal is to establish *relationship education* as the foundation of *Ministries of Education* throughout the globe.

WHAT IS LOVING CLASSROOM?

Loving Classroom is a detailed *relationship education curriculum*. (This price guide is for the secondary school version.) We train teachers how to use the program so that they can effectively deliver it to their students. It consists of 8 topics, sorted into **4Hs**.

<u>H</u>UMANITY	<u>H</u>EAD	<u>H</u>EART	<u>H</u>AND
<i>Respect</i>	<i>Listening</i>	<i>Gratitude</i>	<i>Friendship</i>
<i>Compassion</i>	<i>Kindness</i>	<i>Love</i>	<i>Care</i>

The 8 topics are best divided into 15 one hour sessions. Each is supported with a PowerPoint, lesson plan and a dedicated chapter in the teacher training manual.

DEPTH AND BREADTH: As students develop their ability to build deep and meaningful relationships, they are also supported in delivering a 4H community project and connecting to 'loving classrooms' globally. This helps them to widen the breadth of their relationships: *to build a loving world*.

OUR IMPACT

“My class was considered the worst and unfixable. Your work not only fixed it, my students won prizes for communal projects. And! You saved the school money.” Shulamit Devosh, Teacher, Kiryat Gat, Israel

“This is the first time our class had a 'discussion' without fighting!” Joshua, Student, Johannesburg, South Africa

“This is the first time I felt loved in my life. And I think I can say the same for most of us in this class.” Rachel, Student, Manchester, UK

“Yes, I'll be a better teacher, but to be honest, I haven't been the best of husbands and I can't wait to get home to be a better husband.” Steve, Teacher, UK

TRAINING CONTENT AND PRICING (FOR A GROUP OF 2 TO 20 TEACHERS)

Content	Basic 2 hours	Standard 4 hours	Full 8 hours
